Working With A Budget

Shopping List:

- This activity works great with any economics unit.
- Give each student, pair, or group a copy of the planning sheet and the items list.
- For my students, I set the guidelines that they had \$50 to spend, and had to feed 20 people. Feel free to change this to make it more or less challenging.

Grocery Store Items

Vegetables

Can of corn (feeds 4)	\$1.50
